

Following the very successful Educators Study Tours in 2017, 2018 & 2019, JNF is once again offering Australian educators an opportunity to immerse themselves in historical, geographical, environmental and innovation projects in Israel. The goal is to provide educators with new information and practical tools to be able to integrate environmental and Zionist awareness into the school's curriculum.

Tour Highlights

- ★ Meet with educators from the Israeli Education Department
- ★ Tour Israel's Holy sites
- ★ Visit schools in Israel and learn from local teachers and pioneers of environmental solutions, Zionism and teaching methods
- ★ Be inspired by JNF supported projects and communities
- ★ Professional tour guides
- ★ Hear from experts in the fields of environmental entrepreneurship and Israeli history

4 PART PROGRAM

1. An information day in Australia in preparation for the tour.
2. A ten-day trip to Israel where the tour's participants will have the chance to explore KKL-JNF's land, water, forestation, and communal projects in Israel.
3. A study day on return to Australia for integration of information and experiences acquired on the tour.
4. Incorporating tour outcomes into school curricula.
