

JNFOREVER

Connection, culture and community

Connection has always been at the heart of JNF Australia. Through JNForever, our young-at-heart community can stay active, build friendships and strengthen their connection with Israel through a vibrant program of cultural and social experiences. Last month, JNForever members enjoyed *The Edith Piaf Show*, celebrating the timeless music and remarkable story of the legendary French chanteuse. Filled with rhythms, nostalgia and friendship, it was a wonderful morning shared with old friends and new.

Next, JNForever headed to the spectacular Pt. Leo Estate Sculpture Park on the Mornington Peninsula. Set across 16 acres of vineyards and coastal landscape, the outdoor gallery features more than 70 large-scale

works by renowned Australian and international artists. Guests enjoyed morning tea followed by a guided tour.

On Tuesday, October 27, JNForever will once again partner with the Jewish International Film Festival for a special screening of *Love of a Woman*.

These experiences are what JNForever is all about – enjoying life, discovering something new and sharing it with people who feel the same deep connection to community and Israel.

For 125 years, JNF supporters have helped turn the Zionist dream into reality – planting forests, developing water infrastructure, strengthening communities and helping Israel grow and flourish.

Today, that spirit continues as JNF Australia stands alongside communities rebuilding after October 7.

JNF's 2026 Annual Campaign is supporting the Sha'ar HaNegev Community Village, a permanent regional centre providing long-term recovery and support for children, families and communities across Israel's south.

Whether you have been part of the JNF family for decades or are discovering JNForever for the first time, we invite you to join us. Come along, reconnect with friends, meet new people and explore your connection with Israel in
